Page elements

Webshop address: <https://shop.eu.oilon.com/>

When arriving the site, the webshop will provide notifications about possible updates to the site, changes in the terms of sale or announcements. You can remove them by clicking the checkbox in the upper right corner of the notification:

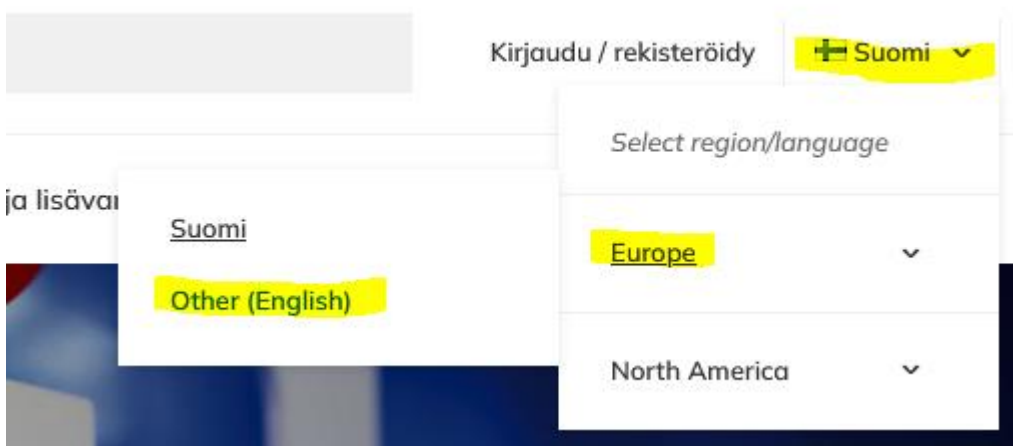

We use cookies on the website and you can access their settings by clicking on “Preferences” or you can accept them directly from the “Accept” button:

Login

You can change the language from top menu:

Logging in to the Webshop takes place from the "Log in / Sign in" section at the top:

After that, if you have existing IDs in our Webshop, you can select "Log in" and then click "Login":

This screenshot shows the login and registration page of the Oilon Webshop Europe. The page is divided into two main sections: "Log in" on the left and "Register" on the right. The "Log in" section is for "Oilon retailer" and "Business customer". It includes a "Login" button circled in orange, a "Business customer" section with a "Log in" button, and a "Remember me" checkbox. The "Register" section includes a "Register" button circled in orange and a "Lost your password?" link. The registration form includes fields for First name, Last name, Telephone, Email address, and a dropdown menu for "Are you a Business customer or Oilon retailer?".

Enter your login ID (IDs are the same as in the old Webshop):

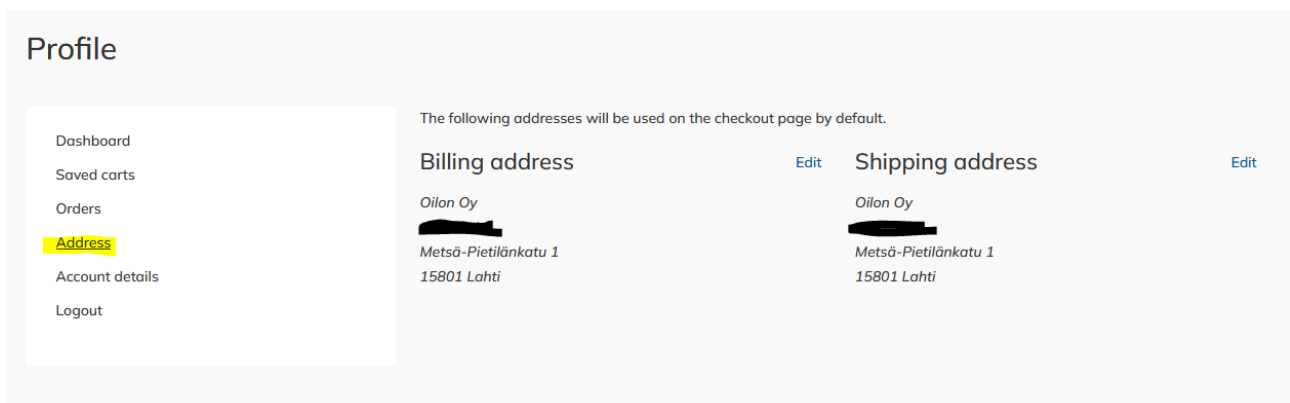

The login form for Oilon Woocommerce features a grey header with the Oilon logo (a red shield with a white star) and the text "Oilon Woocommerce". Below the header, there are two input fields: the first for the email address, containing "matti.meikalainen@gmail.com", and the second for the password, represented by a series of dots. A link "Don't remember your password?" is positioned below the password field. At the bottom, a large orange button with the text "LOG IN >" is centered.

Customer information

You can check your personal information in the "Profile" section at the top:

For example, you can see Address Information in your personal information:

For example, you can see your own discounts in your account information:

Click on the title to read the newsletters:

NEW PRICE LIST FOR SPARES

Jan 11, 2022 | News

Dear Customers,

Due to raise of the prices for materials and components as well as labor costs we are forced to increase our list prices by an average of 7 %. Unfortunately, the cost level of some components has risen much more during 2021. As the price has remained at a higher level, we will have to make a corresponding increase in the price list.

The new Oilon spare parts price list is valid and available from 1.2.2022 on our Webshop. You can scan the price list online any time, copy the PDF file on your own computer, or print a paper copy for your use.

The price list is available for registered users of the Webshop. To get registered contact our spare parts sales at: <https://shop.eu.oilon.com>, and we will provide you with a password to access the Webshop. After you have logged in, just click the bar Price list on the left-hand side of the site. When you collect parts to your cart the prices automatically appear with your discount.

Best regards,

Oilon Oy

Jukka Luostarinen
Business Director

Menus

The Webshop has menus at the top, where you can find, for example, product categories, Info and contact information, and a product return form:

In the bottom menu you will find more information and terms of sale:
